

LIGHTS UP YOUR WORKSITE!

3300 lm with only 24 W
50 000 h lifespan
5000 K

SOL

THE BEST LED WORKSITE LIGHT FOR DEMANDING CONDITIONS !

- ◆ **Powerful**
- ◆ **Lightweight**
- ◆ **Compact**
- ◆ **Energy efficient**
- ◆ **Durable**
- ◆ **Serviceable**
- ◆ **Safe to use**

Separate LED driver designed to withstand 4kV surge peaks.

All components available as spare parts

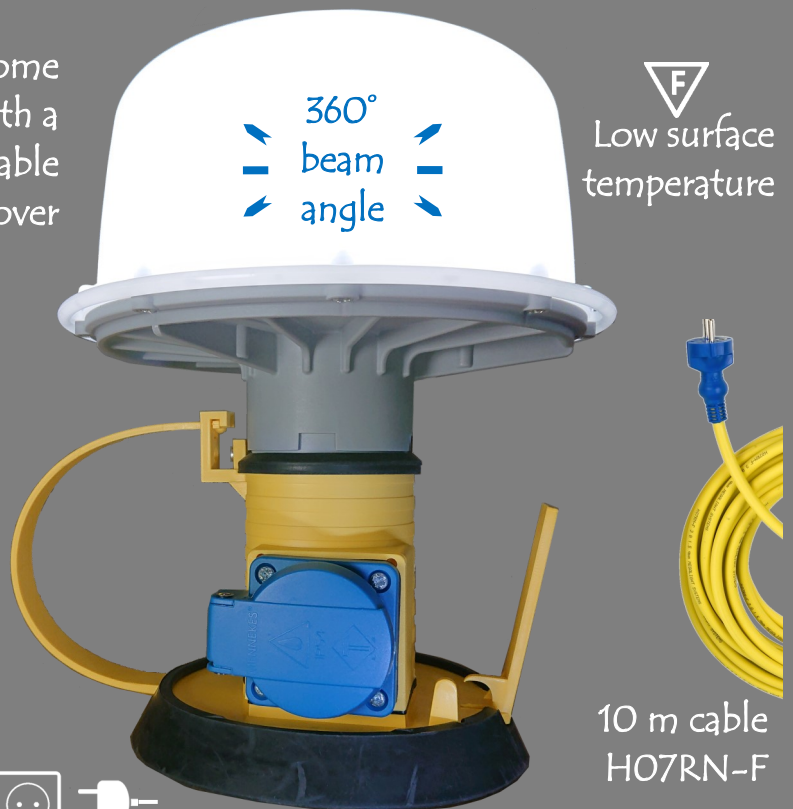

Lightweight and strong structure

PC dome with a changeable PET cover

The bright LED module produces flicker-free light with high CRI maximizing the light output

Low surface temperature

360° beam angle

10 m cable H07RN-F

16A socket for chaining lamps

Rubber shock absorber

Several mounting hooks and 600 N magnet as an option

Available also as 24 or 42 VAC SAFETY -versions!
